

## Specifications

General	
Working Voltage	3.7V
OS	Android 5.1
Support Network System (the rest of the band can be customized)	FDD-LTE: B1/B3/B5; WCDMA: B1; CDMA/GSM; TDD-LTE: B38/B39/B40/B41; TD: B34/B39, LTE-FDD: B2/B4/B5/B28A/B28B, US: GSM: B2/B3/B5.
GPS	Support, for optional features
Wi-Fi	2.4GHz
Bluetooth	5.1
Battery Capacity	Li-ion 5200mAh Note: Battery life depends on the network environment
Dust& Water Proof	IP54
Temperature	Operating Temperature: -20℃~+60℃ Storage Temperature: -40℃~+70℃
Memory	4GB (EMMC) +512MB (DDR3)
Support Group	2000
Interface	Sim card *1 (micro sim) /2.5mm earphone jack *1
USB	Micro USB (For data transmission and battery charge)
Maximum Speed	Uplink speed: 50Mbps/Downlink speed: 150Mbps
Languages	Chinese/English/Support Customization
Dimensions	55(L)X36(W)X126(H)mm
Weight	250g
Humidity	5%~95% relative humidity

**BT-CM626**

Push-to-talk over Cellular

## Highlights

### Diverse Network Coverage: 4G LTE, GSM, WCDMA, Wi-Fi

4G networks delivers a higher data transfer rate and reduced latency, and thus enable the user to communicate with unprecedented speed and efficiency. Moreover, GSM, WCDMA and Wi-Fi networks offer the most dynamic options for your PTT communications.

### Built-in Bluetooth

With a paired bluetooth accessory the user can enjoy wireless PTT half&full duplex communications for handsfree operations.

### Talker Priority (Supervisory Override)

A radio with higher level can interrupt communications between radios with lower levels, giving higher priority to senior workers.

### Dispatch Application

BelFone PoC radios come with an optional dispatch application that allows managers to track every worker's location in real-time and can monitor and dispatch with ease.

### Real-time Radio Status

This function allows the user to know whether another user is available or not with the real-time presence indicator--green for "Available" to talk while red for "Do Not Disturb" (DND).

### Over-the-air Programming

The user's PTT contact book is preset via over-the-air programming, which makes management easier. And users can better concentrate on the mission.

## Features

- PTT Over 4G LTE Networks
- Over-the-air Programming
- Versatile Calling Functions: Individual, Group, All Call
- Talker Priority (Supervisory Override)
- GPS
- High Quality, Clear Audio

## Standard Accessories

Battery

Belt Clip

Hand Strap

Antenna

USB Charger

## Optional Accessories

Charger

Earpiece

BT Earpiece
